#### **More Reasons to Attend Efficiency Exchange 2017 -**

Although the early-bird registration rate has expired, there's still time to register for Efficiency Exchange, coming up on May 9-10 in Portland.

Here's why you won't want to miss this event:

- [Dynamic keynote speakers](#): Award-winning journalist, entrepreneur, and bestselling author Shane Snow and Alliance to Save Energy President Kateri Callahan.
- Breakout session topics for everyone, including commercial buildings, lighting and new construction; emerging technologies; manufactured homes; demand response; small business opportunities; designing for diversity; digital engagement and other customer engagement strategies; unique demand-side solutions to meet utility goals and many more. [Visit the new conference website on Conduit](#) to view the full program.
- An opportunity to network with more than 450 colleagues from around the region and across the nation.

Are you unable to attend Efficiency Exchange May 9-10 in Portland in person, but would like to be part of the experience? No worries, two general sessions will be available as a live webcast. [Learn more about these live webcasts](#).

## General

### **Save the Date: May 8th Meet and Greet with the Utility Sounding Board -**

BPA is excited to announce that we will soon begin recruiting candidates to serve on the Utility Sounding Board. To give potential new members a chance to chat with sitting members, the USB is hosting an informal meet and greet on Monday, May 8th (the evening before Efficiency Exchange) at Gather, the restaurant within the Double Tree hotel. This will give prospective members a chance to talk to current members and ask any questions they may have about the Utility Sounding Board and what it means to participate. Anyone considering volunteering to serve on the USB now or in the future or anyone who has questions about the Utility Sounding Board is strongly encouraged to attend. More details can be found [here](#).

## Reminders

### **Draft EEI Budgets for FY 18 and 19 -**

So that customers can begin planning their energy efficiency activities BPA is releasing Draft EEI budgets for the BP18 rate period. The numbers attached are DRAFT and may change in some cases significantly before they are final. Please note these budgets reflect the shift to an assumption of 30% self-funding as agreed to during our recent Focus 2028 public process. Final budgets will be released in late September after final net requirements TOCAs have been established. Draft budgets can be found in this [spreadsheet](#).
